

# AMELIE, MAISON D'ART

# I. UNDERSTAND THE CLIENT'S VISION

We maximize the great potential art can offer in order to transform a place into an experience.

We extensively research the artworks' context, curate themes and build storytelling.

#### 2. DEVELOP AN ARTWORK STRATEGY

We set the direction for the art package including an agreed art narrative, artwork/accessory's locations, a bill of quantities against a preliminary budget and a program schedule.

We will highlight any special considerations for the interior fit-out and artwork/accessories installation.

#### 3. MANAGE ARTISTS RELATIONSHIPS

We source and collaborate with contemporary artists on custom commissions, tailored specially for the project. The projects being all different, we always research for artists and craftspeople who are in harmony with the place.

We can also source older artworks / pieces.

### 4. MANAGE ALL ART PROJECTS

We manage and coordinate each step of the artistic project from its conception to its installation (storage, framing, shipping, crating and installation).

We design memorable art collections for hospitality & luxury projects around powerful and convincing stories.

Our goal is to add long-term value to our clients' properties.
